# Good Etiquette Manners Campaign

Old Rules of Golf Chapter 1 "Etiquette"

## "The spirit of golf"

The game of golf is almost always played without the presence of a referee. The game of golf also relies on the integrity of each player's concern for the other players and their adherence to the Rules of Golf. All players should conduct themselves in a refined manner, showing courtesy and sportsmanship at all times, regardless of how they are competing. This is truly the spirit of golf.

The Club understands that Chapter 1 of the former Rules of Golf is "Etiquette," and in the "Spirit of Golf," we aim to be a golf club where all visitors can feel comfortable while being considerate of other players.

To this end, we are promoting the "Good Etiquette Manners Campaign" led by our members, and we would appreciate your understanding of the purpose of this campaign and your cooperation.
